FRANK MARTINOVIC PE, SE, LEED AP

Siegfried is proud to announce Frank Martinovic, PE, SE, LEED AP, as the Senior Associate Structural Manager! Frank brings a robust 22 years of structural engineering experience, and has worked on major building projects in San Diego, Los Angeles, and Las Vegas. Frank will lead the structural department at Siegfried.

Frank is an experienced structural engineer and has completed a vast array of structural engineering projects with public and private partners, including many large scale projects including a port of entry, a border transportation terminal as well as several iconic projects throughout Las Vegas. His portfolio of work also includes projects with higher education, theater's, medical facilities, historic renovations, and hotel/casino's.

The addition of Frank allows Siegfried to expand into new structural engineering markets by utilizing his knowledge of a wide array of projects as well as promote sustainable design.

The Addition Of Frank Opens Up New Market Opportunities For Siegfried Including:
